ENOLOGY

Vinification begins after a manual harvest in crates with immediate stalk removal, followed by four pump overs a day for the first week and two pump overs a day during the second week. Maceration lasts 15-18 days. After racking, decanting and malolactic fermentation occurs, the wine is then put to stand in Slavonian Oak barrels for 30 months. Bottled in August 2023.

TASTING NOTE

Medium-deep ruby red with garnet to orange overtones. It's an elegant wine, round, with distinct floral notes, which can include violet and rose. There are also perfumes of dried herbs, like cinnamon and vanilla and darker tones of tobacco, chocolate, hazelnuts and liquorice.

FOOD PAIRINGS

It's a wine suitable for ageing (eight/ ten years). It is best served at a temperature between sixteen and eighteen degrees and it's ideally paired with meat, game, cheese and polenta.
